Short-Term School Immersion

Year Round 2019

Xplore school immersion programmes offer international students aged 12 to 17 the opportunity to experience authentic school life in both England and the USA.

Authentic High School Experience

Working with our strong network of partner schools, we have the opportunity to integrate students within high-quality English and American schools, allowing students to naturally improve their language proficiency in an academic environment.

International Culture Exchange

During these programmes, students are also able to immerse themselves in the authentic culture of the country they are visiting.

During the weekends in England, we include day trips to exciting British cities and landmarks, whereas in the US, students have the unique opportunity to integrate themselves in “real-American” family life.

Types of Schools:

English Boarding Schools

In England, we offer full immersion programmes at a high-quality traditional boarding school within our school network. Students will live and attend class as a boarding student, with organised evening and weekend activities.

US High Schools (Public / Private)

Within the US, we work with a number of school districts and are able to offer visiting students the opportunity to experience real life American high school whilst staying with a host family.

USA

High School Immersion Programme

Price: from \$2,400 per student Based on individual students

These short-term school immersion programmes offer students a unique English and cultural experience by giving them opportunity to immerse themselves in an American high school; living with a local host family, visiting school classes during weekdays and experiencing authentic American family life at the weekends.

Suitable for: Junior students aged 13 to 17 looking for an authentic American high school experience.

Available: August to May (Excluding school holidays).

Programme Highlights:

Authentic High School Immersion - Xplore works with both public and private schools across the US that are enthusiastic about integrating international students into their classrooms. Visiting students are assigned a student

ambassador to shadow through the normal classes and attend scheduled school activities. Xplore will issue a completion certificate at the end of the programme.

Cultural Immersion - Through this programme, students also have the opportunity to experience American culture through living with a host family. Xplore host families have a great interest in sharing their family life and culture. We place every student carefully to ensure that their time in America is as rewarding as possible.

Programme includes:

- Transfers from/to international airport on arrival/departure
- Placement in single nationality, hand selected host family
- Full board (many diets can be accommodated on request)
- Organised high school visits
- Experienced Xplore Local Coordinator support
- 24-hour emergency number and support
- Full comprehensive travel insurance

Not included:

- Flight costs
- B-2 visa charges: please check with Xplore to ensure students have the correct visa before travelling
